

Tomato Hydroponic No Dye • Hidropónico para Tomate Sin Tinte

DIRECTIONS FOR USE: Plantex® fertilizer is recommended for use on all plants. For tender plants, spray applications and outdoor applications in hot weather, use one half the recommended rate of application. Plantex is soluble at the rate of 2 ½ - 4 lbs. per gallon of water. Use warm water for fastest dissolving. Store in a cool, dry place.

CAUTION: This fertilizer contains boron, copper, manganese, molybdenum, and zinc, and should be used only as recommended. It may prove harmful when misused.

This fertilizer is to be used only on soils which respond to molybdenum. Crops high in molybdenum are toxic to ruminant animals.

Information regarding the contents and levels of metals in this product is available on the internet site:

INSTRUCCIONES DE USO: Plantex® fertilizante es recomendado para su uso en toda planta. Para plantas tiernas, aplicaciones en rociador y aplicaciones en exteriores en clima cálido, use la mitad de la tasa de aplicación recomendada. Plantex es soluble a una tasa de 2 ½ - 4 libras por galón de agua. Use agua tibia para una disolución más rápida. Almacene en un lugar fresco y seco.

CUIDADO: Este fertilizante contiene boro, cobre, manganeso, molibdeno y zinc, y debe usarse únicamente según las recomendaciones. Puede ser dañino si se utiliza mal.

Este fertilizante debe usarse únicamente en suelos que respondan al molibdeno. Cultivos con niveles altos de molibdeno son tóxicos para animales rumiantes.

Hay información disponible con respecto al contenido y niveles de metales en este producto en el sitio internet:
<http://www.aapfco.org/metals>

DERIVARSE DE: Nitrato de potasio, fosfato de amonio, fosfato de potasio, sulfato de potasio, sulfato de magnesio, ácido bórico, molibdato de sodio, sulfato de manganeso, un complejo de metal quelado contenido tetraacetato etilendiamina (EDTA), hierro, zinc, cobre y manganeso y pentaacetato dietilentriamina (DTPA) hierro.

Water Soluble Fertilizer

DANGER

Hazard Statement(s):

H318 Causes serious eye damage.
H351 Suspected of causing cancer.

H360 May damage fertility or the unborn child.

Precautionary Statement(s):

Prevention:

P201 Obtain special instructions before use.

P202 Do not handle until all safety precautions have been read and understood.

P230 Wear protective gloves/protective clothing/eye protection/face protection.

Response:

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P308 + P313 IF exposed or concerned: Get medical advice or attention.

P310 Immediately call a POISON CENTRE or doctor.

Storage:

P405 Store locked up.

Disposal:

P501 Dispose of contents and container in accordance with local, regional, national and international regulations.
