

# Greens No. 1

21-5-21

**DESCRIPTION:** Turfgrass Greens Fertilizers are recommended for use on greens, tees and other fine turf areas. Each analysis contains chelated micronutrients for maximum micronutrient availability and prevention of deficiencies. Turfgrass Greens Fertilizers offer excellent coverage and control of nutrients when using low nutrient application rates and excellent turf safety when used as directed.

**DIRECTIONS FOR USE:** Turfgrass 21-5-21 Greens Fertilizer #1 will provide approximately one week of fertility when applied as directed. Factors such as precipitation amount and/or frequency, clipping removal and soil texture will affect fertility rate and duration. Dissolve the recommended amount of fertilizer in at least 5 gallons of water and apply to 1000 square feet.

**CAUTION:** This fertilizer contains boron, copper, manganese, molybdenum and zinc, and should be used only as recommended. It may prove harmful when misused.

Information regarding the contents and levels of metals in this product is available on the internet site: <http://www.aapfco.org/metals>

Foliar fertilization is intended as a supplement to a regular fertilization program and will not by itself provide all the nutrients normally required by agricultural crops.
