

NO-STRETCH®

15-0-20

DIRECTIONS FOR USE: Plantex® Solutions No-Stretch 15-0-20 is recommended for use on all plants depending on the water quality. This fertilizer contains higher levels of iron, manganese and zinc. For tender plants and greenhouse spray applications use one half the dosage.

Plantex Solutions fertilizer is soluble at the rate of 2½ - 4 lbs. per gallon of water. Use warm water for best results. Plantex Solutions 15-0-20 Fertilizer is designed to provide the extra micronutrients that high demand plants require.

CAUTION: This fertilizer contains boron, copper, manganese, molybdenum and zinc, and should be used only as recommended. It may prove harmful when misused. This fertilizer is to be used only on soils which respond to molybdenum. Crops high in molybdenum are toxic to ruminant animals.

Information regarding the contents and levels of metals in this product is available on the internet site: <http://www.aapfco.org/metals.htm>

The micronutrients within Plantex Solutions are available at a greater pH range due to the presence of EDDHA, DTPA and EDTA chelating agent.

INSTRUCCIONES DE USO: Plantex® Solutions No-Stretch 15-0-20 es recomendado para su uso en toda planta, dependiendo de la calidad del agua. Este fertilizante contiene altos niveles de hierro, manganeso y zinc. Para plantas tiernas y aplicaciones de rociador de invernadero, use la mitad de la dosis.

Plantex Solutions fertilizante es soluble a una tasa de 2 ½ - 4 libras por galón de agua. Use agua tibia para mejores resultados.

Plantex Solutions 15-0-20 Fertilizante está diseñado para proporcionar los micronutrientes extra requerido por plantas de alta demanda.

CUIDADO: Este fertilizante contiene boro, cobre, manganeso, molibdeno y zinc, y debe usarse únicamente según las recomendaciones. Puede ser dañino si se utiliza mal. Este fertilizante debe usarse únicamente en suelos que respondan al molibdeno. Cultivos con niveles altos de molibdeno son tóxicos para animales rumiantes.

Hay información disponible con respecto al contenido y niveles de metales en este producto en el sitio internet: <http://www.aapfco.org/metals.htm>

Los micronutrientes dentro de las soluciones Plantex están disponibles en un rango de pH mayor debido a la presencia de agentes quelantes EDDHA, DTPA y EDTA.

DANGER

Hazard Statement(s):

H272 May intensify fire; oxidizer.
H318 Causes serious eye damage.
H351 Suspected of causing cancer.
H360 May damage fertility or the unborn child.
H373 May cause damage to organs through prolonged or repeated exposure.

Precautionary Statement(s):

Prevention:
P201 Obtain special instructions before use.
P202 Do not handle until all safety precautions have been read and understood.
P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P220 Keep/Store away from clothing/combustible materials.
P221 Take any precaution to avoid mixing with combustibles/
P260 Do not breathe dust/fume/gas/mist/vapours/spray.
P280 Wear protective gloves/protective clothing/eye protection/face protection.

Response:

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P308 + P313 IF exposed or concerned: Get medical advice/attention.
P310 Immediately call a POISON CENTRE/doctor/
P314 Get medical advice/attention if you feel unwell.
P370 + P378 In case of fire: Use water spray or fog to extinguish.

Storage:

P405 Store locked up.

Disposal:

P501 Dispose of contents and container in accordance with local, regional, national and international regulations.
