CAUTION: This fertilizer is to be used only on soils which respond to molybdenum. Crops high in molybdenum are toxic to ruminant animals. This fertilizer contains copper, iron, manganese and zinc, and should be used only as recommended. It may prove harmful when misused.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

The micronutrients within Plant-Prod MJ™ are available at a greater pH range due to the presence of EDDHA and EDTA chelating agent.
